

Mental Performance Program Options

OPTION A: Online Modules + 30-minute 1-on-1 Implementation Sessions Learning Oriented Recommended for Self-Paced Progress Flexible Scheduling	OPTION B: Traditional 1-on-1 50-minute Sessions Slower, In-Depth Guidance
• Online modules are hand-selected by Sabrina for each athlete, based on what she identifies as their most important areas for development. • Each module covers a mental skill and takes about 30-45 minutes to complete • Modules can be completed on the athlete's time (just need a phone, laptop, tablet, etc) • Modules include videos, activities/games, quizzes, reflection questions, and practicing skills • Plus weekly 30-minute check-in sessions with Sabrina to review progress, personalize strategies, and apply skills <u>Pricing</u> Modules: \$45 each now \$35 each Packages—buy 4 modules at once No commitment, pay as you go (limited time deal) 30-Minute Sessions: \$45 each Weekly Total: \$90 \$80 (occasionally only \$45 per week because you don't always add a new module every week) Why Choose This: Athletes with a busy schedule get more self-paced learning value: 45 minutes of guided online skill-building plus 30 minutes of personalized 1-on-1 coaching sessions. Cheaper and more flexible scheduling. Great for motivated and dedicated athletes.	• 50-minute 1-on-1 sessions with the athlete and Sabrina • More in-depth personal reflection • Usually covers the same skills as the online modules, but explored more slowly with Sabrina guiding them through each step. <u>Pricing</u> 50-Minute Session: \$90 Pay-as-you-go, no commitment Weekly Total: \$90 Why Choose This: Ideal for athletes who have more deeply rooted things to work on. For those who need more one-on-one conversations and attention.
